About Us

GreenTech Coatings Joint Stock Company is one of Vietnam's pioneering companies specializing in water-based wood coatings, focusing on research, manufacturing, and supplying safe, high-quality coating solutions that are environmentally friendly.

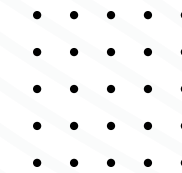

Advanced Water-Based Wood Coating Solutions for Every Application

Reliable quality, premium imported raw materials

- Established in 2019
- Committed to Quality & Reliability
- Continuous R&D and Innovation
- Premium raw materials sourced from the USA, Malaysia, Thailand, Japan, and China

Safe, environmentally friendly water-based wood coatings

GreenTech Coatings is committed to providing stable, durable, safe, and environmentally friendly water-based wood coating products and services, creating healthier living spaces and contributing to sustainable development.

**GreenTech Coatings – Creating durable
and sustainable wood spaces**

GreenTech Coatings Water-Based Wood Coatings

One of the leading and widely used coating solutions today

✓ FORMALDEHYDE-Free

✓ APEO-Free

✓ HEAVY METAL-Free

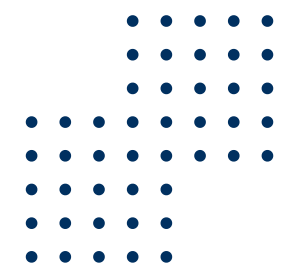

✓ PVC-Free

✓ PHTHALATE-Free

✓ ISOCYANATE-Free

INTERNATIONAL STANDARD TECHNOLOGY

- 01 Fast Drying
- 02 High Transparency
- 03 Excellent Coverage
- 04 Odorless
- 05 Excellent Adhesion
- 06 High Color Durability
- 07 Non-Flammable

KEY FEATURES

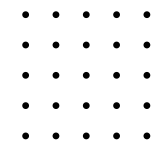

- 🎯 Low VOC
- 🎯 UV Resistant
- 🎯 Scratch Resistant
- 🎯 Water Resistant
- 🎯 Acid Resistant
- 🎯 Alcohol Resistant
- 🎯 Easy to Apply

GREENTECH COATINGS

Water-Based Wood Coatings

GreenTech Coatings Water-Based Wood Coatings use water as the primary solvent, providing a safer solution for users while being environmentally friendly

Fast-drying, color-retentive, mold-resistant, and water-resistant, our coatings are designed to meet the needs of modern sustainable living

OUR MISSION

GreenTech Coatings is committed to providing safe and sustainable water-based wood coating solutions that help protect the environment and enhance quality of life

Environment & Health

Safe water-based wood coating solutions that are environmentally friendly and safer for health

Sustainability & Quality

High-quality wood coatings that deliver lasting beauty, protection, and effective finishing

The Green Choice

Making water-based coatings a trusted choice for a greener lifestyle

RESEARCH & DEVELOPMENT (R&D)

We are proud to have a dedicated R&D team of highly skilled chemical specialists and engineers with over 20 years of experience in water-based coatings and coating materials.

Innovation in R&D

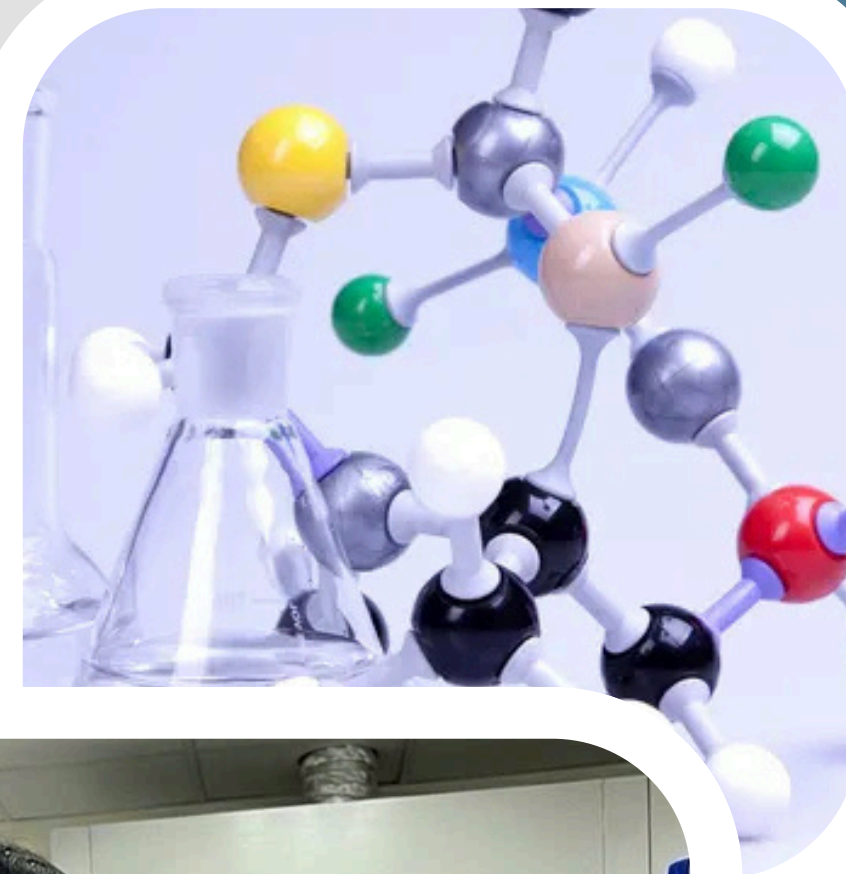

Research & Innovation

We continuously innovate, research, and develop advanced product lines to respond quickly to customer needs.

Quality & Sustainability

A systematic R&D process ensures superior product quality, optimal performance, and environmental sustainability.

GreenTech Coatings

A Pioneer in Water-Based Wood Coating Technology

Green – Clean – Durable

- ✓ Safe for Health, Environmentally Friendly 🌱
- ✓ High Coverage, Superior Durability
- ✓ Low VOC, Free from Harmful Chemicals
- ✓ Contributing to a Stronger “Green Materials” Brand Reputation
